

French Report Shows Progress of Allies Along Ypres Canal

kindred are pitted against each other. There are several hundred thousand Poles in the Russian ranks and several hundred thousands more in the ranks of the Germans and Austrians.

GERMANS CLAIM GAIN IN NORTHERN POLAND
The Germans claim a distinct gain in their position in Northern Poland, although they are not believed to be as near Warsaw as the report last week indicated. On the other hand, the Russians announced a strategic reorganization of their forces, which strengthened their positions.

In a late report to-night the Austrians announced that they have recaptured the important point of Dukla north of the Carpathians, on a line south of Przemyśl and Cracow, but nearer to the former, with the capture of 2,000 prisoners.

The main issue in the eastern theatre, whether the German and Austrian armies will shake the Russian grip from the Przemyśl and Cracow fortresses, remains unchanged.

The day has shown no important developments in the western theatre. War office reports artillery engagements, in which they had the better of the Germans, and small advances, particularly in the neighborhood of Verdun and St. Mihiel, in accordance with the general plan of the offensive.

The German bulletins deny these claims, however. The Turkish army has not yet asserted itself, nor has it engaged in any great battle. Pasha has taken command of the Caucasian army, and Talaat Bey has succeeded him as Minister of War. A report comes from Turkey of growing hostility to both foreign and native Christians in that country, which may lead to attacks.

FRENCH REPORT PROGRESS ALONG YPRES CANAL
PARIS, December 14 (10:42 P. M.).—The following official communication was issued by the War Office to-night:

"In Belgium several attacks by the French troops have resulted in progress along the Ypres Canal and west of Holbeke. Several violent counterattacks have been repulsed by our troops.

"The railway station of Commerce (Department of Meuse) was bombarded yesterday by batteries firing from a great distance. Insignificant damage was done.

"In Alsace an offensive movement resumed by the enemy northwest of Cerny has been repulsed.

"On the other hand, the front there is nothing to report."

AUSTRIANS ADMIT DEFEAT BY SERBIANS
LONDON, December 14 (9:10 P. M.).—Reuters' Amsterdam correspondent says the Austrians admit defeat at the hands of the Serbians in an official communication issued at Vienna to-day. This communication reads:

"Our offensive movement directed in the River Drina, encountered southeast of Valjevo a greatly superior force of the enemy.

"Our advance had not merely to be stopped, but we were compelled also to make more extended retirements of our troops, which, for many weeks, have fought obstinately and bravely, but with many losses.

"Against this we may place the occupation of Belgrade. A new decision and measures consequently will be taken which will serve to repel the enemy."

TWO COUNTERATTACKS REPULSED BY FRENCH
PARIS, December 14 (2:44 P. M.).—The French official statement given out in Paris this afternoon reports comparative quiet in Flanders, and armistice exchanges of relatively minor importance. In the Meuse German batteries are said to be making to the north. In the Woëvre district the French captured a trench and repulsed two counterattacks. The advance of the French line into Alsace has brought it to a point north of Altkirch, and about ten miles to the east of the frontier.

PHILIPPINE BILL WILL BE SCANNED CLOSELY

Important Amendments Indicated When Senate Committee Takes Up House Measure.

CHANGES TO BE SUGGESTED

General Frank McIntyre, Chief of Bureau of Insular Affairs, is First Witness—Limitation of Land Happers Development.

WASHINGTON, December 14.—Important amendments to the House Philippine bill were indicated to-day, when the Senate Philippine Committee began its preliminary review of the measure with General Frank McIntyre, chief of the Bureau of Insular Affairs in the War Department, as first witness. General McIntyre said the department had a number of recommendations to submit for changes. Questions by both Democrats and Republicans indicated a determination to scan the bill closely before giving it approval.

The measure is designed to give the Philippine Legislature greater power through the substitution of a Senate of twenty-four members for the present Philippine commission, and extension of control to the Legislature over many matters affecting the islands, subject only to veto by the President of the United States.

The House bill gives the Philippine Legislature exclusive control over immigration. Senator Reed insisted that under the bill any nation could colonize in a way prejudicial to the United States if the Legislature so authorized. General McIntyre said the acts of the Legislature would be subject to the veto power of the President. Senator Reed mentioned Japan as a nation possibly seeking such colonization, but declared he did so "purely as a matter of illustration."

Senator Weeks said he believed specific limitations as to the amount of public domain lands which could be granted to any persons or corporation should be contained in the bill. In new countries, he said, large grants to certain interests often had been made.
